

Fort Wayne Sentinel.

WEDNESDAY, OCTOBER 11, 1894.

For the purpose of the county and city, we have had a daily vote of 100,000. The county and city have been very much affected by the late season, and we are consequently behind time in getting the Sentinel out this week.

On Election on Tuesday went off very peacefully—the meeting of the election was very quiet. A very heavy vote was given at the city polls, and the democratic majority was large. In some of the township, owing to sickness and other causes, the vote was light, and a consequence did not do well in the city. At least 200,000 democratic votes could have been polled, if the necessary exertion had been made. Our country friends must look to this. Our country friends must look to this. Our country friends must look to this.

**Election News.**—The fusionists appear to have swept over the state like a whirlwind. In this district (the 10th) Breton is elected by not less than 1000 majority. Elkhart is reported to have given him 100,000 majority. Elkhart is reported to have given him 100,000 majority. Elkhart is reported to have given him 100,000 majority.

As soon as we receive the official returns of the district we will publish them. In the 9th district Coffey beats Eddy 1500. In the 8th D. Mace has 2000 or 3000 majority. In the 11th J. C. Pettit beats Slack 2000 or 3000.

We have nothing definite from the other districts, but the probability is that we are defeated in all but one or two.

Ohio is, if possible, worse than Indiana. The fusionists have elected everything, and claim a majority of 15,000 to 20,000.

**PHYSICIAN.**—We have but few returns, but the probability is that it will be a good fusion.

**CALIFORNIA.**—There is still one golden rule, but with standing the decisions among the democrats they have elected the golden rule, and the fusionists have elected the golden rule, and the fusionists have elected the golden rule, and the fusionists have elected the golden rule.

The telegraph reports put down the Legislature as follows:

This secures the election of another Democratic United States Senator.
